## Toddler Town

**15 Months - 3 Years (14 Lexington St.)**

Toddlers learn through exploration and experimentation. Students start to make connections between the things they see in the classroom and the world around them. Vocabulary is developing with each new experience, and the beginnings of empathy are forming. Our staff at Mount Hope delights in this time of wonder for your child. They are dedicated to approaching every child with an open heart to shape the ideal learning environment for children to learn, laugh, and feel secure. Our expectation for your child is that they will develop physically, socially, and emotionally during their time at Toddler Town. We strive to foster excitement, and a love of learning in each child.

## Elementary

### **Transitional Kindergarten, Kindergarten - Grade 5**

Mount Hope Christian School is a community of teachers and parents who share a commitment for teaching children to love learning and grow in godliness. Smaller student - teacher ratios ensure that teachers know their students and are better able to serve them individually.

Recognizing all students are unique and their learning styles are different, we utilize a combination of modalities that will reach the greatest audience of learners. We address the academic, spiritual, social, emotional, and physical needs of every child. Our students are inquisitive, have the ability to reason and discern the truth, know what they believe and why, and can positively impact the community around them. We graduate godly young men and women of character, vision, and service.
